U.S. Environmental Protection Agency  
Region 9

San Francisco, California 94105

Dear Mr. Stoker:

The California Air Resources Board (CARB) is submitting to the U.S. Environmental Protection Agency (U.S. EPA) a revision to the California State Implementation Plan (SIP) from the South Coast Air Quality Management District (District). The revision consists of Rule 1118.1, *Control of Emissions from Non-Refinery Flares*, adopted by the District on January 4, 2019.

Enclosed is CARB Executive Order S-19-005 adopting the District Rule 1118.1 as a revision to the SIP. To meet U.S. EPA's criteria for determining that rule submittals are administratively and technically complete, we have enclosed an evaluation of the effects of the rule on emissions, an evaluation of the rule's consistency with 40 CFR 51, and other supporting documentation provided to us by the District.

If you have any questions, please contact Mr. Kurt Karperos, Deputy Executive Officer, at (916) 322-2739, or have your staff contact Dr. Michael Benjamin, Chief, Air Quality Planning and Science Division, at (916) 201-8968.

Sincerely,

  
Richard W. Corey  
Executive Officer
